

EVOLUTION™ SYSTEM

80% GAS FURNACES

Models 880T and 881T

Control and Smart Sensor sold separately

Benefits of an EVOLUTION™ SYSTEM

Efficient heating you can rely on

80% Annual Fuel Utilization Efficiency (AFUE). AFUE is a measure of how efficient your furnace is at converting the energy in fuel to heat.

Maintain consistent comfort

System automatically adjusts to conditions, reducing temperature and humidity fluctuations.

Easy-to-use Control

Manage your entire home's comfort with full-color touch screen, mobile app¹ or voice commands.²

Customizable

Tailor your system to your lifestyle with occupancy sensing, zoning and remote-access technology.

Monitor system health

Receive reminders for filter changes and tune-ups. Your system can also automatically alert your dealer if it needs service.

Rest easy with a long warranty

10-year parts and lifetime heat exchanger limited warranty when registered on time.³

1. When connected to the Internet through a Wi-Fi® network

2. Voice command requires using Amazon™ Alexa™ smart skills.

3. The limited warranty period is 5 years on parts and 20 years on heat exchangers if not registered within 90 days. Jurisdictions where warranty benefits are not conditioned on registration will automatically receive a 10-year parts limited warranty and a lifetime parts limited warranty on the heat exchangers. See warranty certificate at bryant.com for complete details and restrictions.

Outstanding comfort **WHATEVER** the temperature outside.

Perfect Humidity® Technology

Helps ensure great summertime dehumidification when system components include multi- and variable-speed cooling products.

Hybrid Heat® Duel-Fuel System

A dual-fuel solution that combines an electric heat pump with a gas furnace. This allows the system to choose the most efficient fuel source while delivering year-round comfort and efficiency.

featured TECHNOLOGIES

Complete Evolution™ systems feature these exclusive advancements.

Fan On Plus™ Technology

Helps improve comfort all year long by allowing you to select different fan speeds during continuous fan operation.

Perfect Heat® Technology

Continually monitors and adjusts performance for multi-stage furnaces using current and past conditions.

SmartEvap™ Technology

Helps prevent unwanted humidity from re-entering your home when paired with a compatible thermostat.

Gain more control with a complete EVOLUTION™ SYSTEM

With highly advanced communication at its core, a complete Evolution system gives you total control over your home's temperature, humidity, ventilation, air quality and zoning.

EVOLUTION CONNEX™ CONTROL

Capable of managing a complete home comfort system including humidity, ventilation and zoning.

EVOLUTION AIR CONDITIONER

High-efficiency cooling power delivering whole-home comfort and energy savings.

EVAPORATOR COIL

Matches to the proper outdoor unit to provide top cooling efficiency and years of reliable service.

AIR PURIFIER

Patented Captures and Kills® technology treats 100% of the air flowing through your system.*

HUMIDIFIER

Alleviates dry air by adding moisture.

VENTILATOR

Transfers heating and cooling energy to the incoming fresh air.

* Based on third-party testing (2012) showing 95% of particles size of 1.0 to 3.0 microns captured. Based on third-party testing (2012, 2007) showing > 99% kill rate for common cold surrogate, streptococcus pyogenes and human influenza.

BRYANT® HEATING SOLUTIONS

There is a Bryant product for almost any heating and cooling need or budget.
Only your Bryant dealer can help you decide which is right for you.

	BEST EVOLUTION™ SYSTEM	BETTER PREFERRED™ SERIES	GOOD LEGACY™ LINE
Energy Management	Two-Stage Operation (880T/881T) Automatically chooses between low and high settings to maintain more consistent temperature and efficient operation.	Two-Stage Operation (820T, 821T) Automatically chooses between low and high settings to maintain more consistent temperature and efficient operation. Single-Stage Operation (820S, 821S) Helps keep operating costs low all season long.	Single-Stage Operation (810S, 811S, 800S, 801S) Helps keep operating cost low all season long.
Humidity Management	Perfect Humidity® technology This proprietary feature leverages multi-speed systems to enhance humidity removal. SmartEvap™ technology Reduces indoor humidity by reducing the amount of condensate reintroduced into the air after dehumidification cycles.	SmartEvap™ technology Reduces indoor humidity by reducing the amount of condensate reintroduced into the air after dehumidification cycles.	Basic humidity management Provides basic humidity control during cooling operation.
Comfort Management	Evolution™ Connex™ Control Our most advanced Wi-Fi®-enabled control, it can maximize efficiency by communicating with components of a complete Evolution system. Communicating Variable-Speed Blower Communicates with the system to automatically adjust airflow, maintaining outstanding comfort through consistent temperatures and advanced humidity management.	ecobee Thermostat, Powered by Bryant Wi-Fi-enabled smart thermostat learns your schedule for greater efficiency and comfort. Variable-Speed Blower Increased speed options allow for optimized airflow at installation and improved humidity control for excellent comfort.	ecobee Thermostat, Powered by Bryant Wi-Fi-enabled smart thermostat learns your schedule for greater efficiency and comfort. Fixed-Speed Blower Traditional, reliable performance.
Airflow Management	Fan On Plus™ technology Enjoy enhanced ventilation control with the ability to change fan speeds from a compatible thermostat.	Fan On Plus™ technology Enjoy enhanced ventilation control with the ability to change fan speeds from a compatible thermostat.	---
